

GC0106 Workgroup 1

2nd November 2017

The summary of the meeting is as follows:

- Proposer outlined their modification proposal using slides presented at the Grid Code Panel
- The timetable for the modification was talked through and it was recognised that the Workgroup Consultation for the modification could not be facilitated until such time that the KORRR was finalised which would be in Feb/March 2018
- The Proposer, as TSO, sought comments and feedback on the draft KORRR which was circulated to the Workgroup members ahead of the meeting ahead of the Stakeholder Workshop in Brussels on the 14 November 2017, the Proposer took an action to feedback from the session at the next Workgroup meeting
- It was noted that ENTOS-E Consultation on the KORRR had been published and would be closing on the 1 December 2017
- The Workgroup sought clarity and guidance from Ofgem on Article 40(6) due to differences in interpretation
- Mapping sessions to be held at the start of 2018 for SOGL articles to be addressed within this modification
- The Workgroup began to work through the applicability table and it was agreed that this would be finalised in the next Workgroup meeting in December
