1. Welcome and introductions

2. Actions from previous meeting

Need to capture the comments of GB regarding Northern Power's extensive 20kV network and desire to retain table 10 in G5/4.

Action - JMC to upload MoMs from June meeting to National Grid external website.

3. "G5/5" – draft document review

DMJ took the group through the draft version of G5/5. He described in detail the premise behind the changes from G5/4. All comments and queries are to be captured formally in a comment capture document. In terms of timescales, the group aim to submit a version of G5/5 to Grid Code panel by spring 2013.

Action – JMC to send out comment capture document to the group and DMJ and JMC to collate and review.

4. Update and discussion on Work Packages 1, 2 and 3

AB took the group through a presentation detailing the outcomes of work packages 1 and 2. For details see slides and associated report.

Action - All comments on AB's report to be sent to him by 23rd of November.

In terms of Work Package 3, PM of SSE will hold an internal discussion with SSE to reach a decision. He will liaise with GS to decide a way forward.

5. Date of next meeting

2nd week of January 2013

Action – JMC to organise.

6. Any other business

None.
