Terms of Reference CMP304	
Specific Area	Location in the report
a) If received, Authority Decision on CMP305	
b) The impact faced by non-CUSC parties, in particular any administrative burden it entails.	
c) Interaction with obligatory services and the overall requirement for reactive services (i.e. locational and temporal requirements of the system).	
d) Interaction with requirements within the grid code in terms of reactive power provision.	

Standard (Non-Charging) Objectives

<p>(a) The efficient discharge by the Licensee of the obligations imposed on it by the Act and the Transmission Licence;</p>
<p>(b) Facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the sale, distribution and purchase of electricity;</p>
<p>(c) Compliance with the Electricity Regulation and any relevant legally binding decision of the European Commission and/or the Agency; and</p>
<p>(d) Promoting efficiency in the implementation and administration of the CUSC arrangements.</p>

***Objective (c) refers specifically to European Regulation 2009/714/EC. Reference to the Agency is to the Agency for the Cooperation of Energy Regulators (ACER).**
