## **1) Recommendation Vote**

The result of the Panel Recommendation Vote as to whether CAP170 – Category 5 System to Generator Operational Intertipping Scheme BETTER facilitated the Applicable CUSC Objectives was as follows:

CAP170      No – Majority (7 No, 1 Yes)

The Panel recommends that CAP170 should not be approved by the Authority. Consequently if the Authority decides to approve CAP170 it would be potentially appealable to the competition commission.
