

CAP190: Two thirds Panel majority

Update to CUSC Modifications Panel, 29th July 2011
Alex Thomason, CAP190 Workgroup Chair

Background

- Issue identified by QC with existing rights of appeal to Competition Commission
- NGET raised CMP196 to deal with existing anomalies
- CAP190 Workgroup has been on hold since January 2011
- Panel agreed to three extensions to timetable
- Review date of July 2011

Other code modifications

- UNC 0312 raised by E.ON UK in May 2010
- BSC P264 raised by Drax Power in August 2010
- UNC Panel majority recommendation for rejection of UNC 0312
- BSC Panel majority recommendation for implementation of P264
- Authority rejected both proposals on 20 July 2011

CAP190 Next Steps

- Proposer welcomes Panel views on how CAP190 should progress
- Two options:
 - CAP190 Workgroup reconvenes and complete its work
 - Panel suggests to Proposer that withdrawal would be most efficient approach
