

Updated Balancing Services Use of System Acronym Definitions

Annex 3 - Licence references for CMP360 Code Administrator Consultation

Note; the licence term reference for proposed changes to existing acronyms/definitions and any new acronyms/definitions used within the formulae to calculate those BSUoS charges detailed in CMP360 are shown in the below table.

Please also note; any acronyms/definitions no longer referenced in the new formulae and/or updated licence Special Conditions are not shown within this table but are shown as track changes (as deletions) within the accompanying legal text drafting.
