Guidance Notes

To become entitled to participate in the procurement by **NGESO** of **STOR**, a company must register with **NGESO** as a **Registered STOR Participant**. This requires a company (or its **Agent**) to first complete and submit to **NGESO**:

- Form A of the **Registration Documents**, to apply to be registered as a **Registered Service Provider**, and
- this Form B of the **Registration Documents**, to apply to become pre-qualified to participate in the procurement by **NGESO** of **STOR**.

A company should use this Form B if:

- **NGESO** has already confirmed to it (or its **Agent**) that it is a **Registered Service Provider**, and it now wishes to participate in the procurement by **NGESO** of **STOR**; *AND/OR*

- it is applying as **Agent** on behalf of one or more **Related Entities** who have each been confirmed by **NGESO** as **Registered Service Providers**, and which now wish to participate in the procurement by **NGESO** of **STOR**.

A company may also use this Form B where an application for registration as a **Registered Service Provider** has either been made previously but has not yet been confirmed by **NGESO**, or is now made simultaneously with the submission of this Form B.

Following receipt and appropriate validation by **NGESO** of these **Registration Documents** and completion of the process of registration of **Eligible Asset(s)** (including testing of relevant communication systems), **NGESO** will confirm registration as a **Registered STOR Participant** via email in the form set out in Form C of the **Registration Documents**.

Registered Service Provider*:	Company Number:
[XXX]	[YYY]
[XXX]	[YYY]
[XXX]	[YYY]

*including prospective where applicable

Each of the companies specified above must either sign this Form B or have authorised the signatory of this Form B to do so as **Agent** on its behalf (using the form of Declaration in Form A). Once appropriately validated by NGESO, this will entitle each **Registered Service Provider** to commence the process of registration of **Eligible Assets** for use in the procurement by NGESO of STOR upon the terms of, and subject to, the **STOR Participation Guidance Document**.

Once NGESO is satisfied that this process has successfully concluded (including testing of relevant communication systems), NGESO will provide written acknowledgement and confirmation that the applicable company has been registered as a **Registered STOR Participant**, and is eligible to participate in the procurement by NGESO of STOR by:

- submitting **STOR Bids** in accordance with the **STOR Auction Rules**; and
- in respect of non-BM **Participating** assets, participating in the procurement of **Optional STOR** through the submission of **Optional Availability Declarations**.

Accordingly, by signing and returning this Form B, each of the companies specified above undertakes to NGESO as follows:

- (i) to comply with the **STOR Procurement Documents**;
- (ii) to participate in the procurement by NGESO of STOR only with respect to **Eligible Assets** of which it is at all relevant times the legal owner or the entity with operational responsibility (which shall, for the avoidance of doubt, include despatch control);
- (iii) to promptly update the registration details provided in Form A of the **Registration Documents** and in each accompanying **Declaration** as and when the same may change; and
- (iv) to procure all necessary despatch controls, metering and monitoring facilities (as the case may be) as stipulated by the **STOR Service Terms**.

Furthermore, by signing and returning this Form B, each of such companies agrees and acknowledges:

- that it has read and understands the terms of the **STOR Procurement Documents**, and has taken independent legal advice in relation thereto; and
- that neither the signing of this Form B nor **NGESO's** subsequent acknowledgement and confirmation of its registration as a **Registered STOR Participant** creates any legally binding obligation or commitment for the provision of, and payment for, any **Balancing Service**, which shall arise only in accordance with the terms of the **STOR Service Terms**.

NOTE: an authorised signatory of each Registered Service Provider specified in the table on the preceding page (including prospective Registered Service Providers) must either sign below (and for multiple Registered Service Providers please duplicate the signature block) or an authorised signatory of its Agent must complete and sign the alternative signature block below
