1. CMP212 Relevant Interruption Claims Report

1.1 Purpose of Relevant Interruption Claims Report

As a result of the implementation of CMP212 – Setting limits for claim: submission, validation and minimum financial threshold values in relation to Relevant Interruptions, it was agreed that the Code Administrator would produce a report to the CUSC Panel detailing information in respect of the Relevant Interruptions received during the reporting period.

This report covers the reporting period from 1st February 2014 to 30th June 2014. These reports will be produced quarterly as of 1st July 2014.

1.2 Summary

Table 1 below gives an overview of the status of the claims received during this reporting period.

Table 1

| Claims being processed | Claims Pending Payment | Claims Paid | Claims Rejected | Total Claims Received |
|------------------------|------------------------|-------------|-----------------|-----------------------|
| 4 | 0 | 0 | 1 | 5 |

Five claims were received under the CMP212 process within this reporting period.

There are four claims currently being processed. Three of these claims have been classed as valid and the value of the claim is currently being calculated. It is yet to be determined whether the fourth claim is valid or not.

One claim was not valid under the CMP212 process and was rejected.

1.3 Additional Detail

Table 2 shows details of individual claims in date order, continuing from the previous report dated 20th February 2014.

Table 2

| Claim | Status | Days between claim submission and final letter | Extension to CUSC Section 5.10.6 agreed | Paid Value £k (nearest 5k) |
|--------------|--------------------------------|---|--|-----------------------------------|
| 11 | Rejected | 40 | N/A | N/A |
| 12 | Valid – being processed | 38 | N/A | N/A |
| 13 | Valid – being processed | 41 | N/A | N/A |
| 14 | Valid – being processed | 43 | N/A | N/A |
| 15 | Claim being processed | N/A | N/A | N/A |

1.4 Claims from previous report (Pending or being processed)

Table 3 provides an update of claims from previous reports with the status of pending or being processed that have now been paid.

Table 3

| Claim | Status | Days between claim submission and final letter | Extension to CUSC Section 5.10.6 agreed | Paid Value £k (nearest 5k) |
|--------------|---------------------|---|--|-----------------------------------|
| 9 | Valid - Paid | 88 | No | 5k |

The one claim from the previous report exceeded the 60 days allowed for National Grid to confirm to the Affected User whether or not an Interruption is a Relevant Interruption and confirm the Interruption Payment value. This was due to an administrative delay and National Grid is using its best endeavours to provide this service within the allowed timeframe going forward.
