

Headline Report

Meeting Name: CUSC Modifications Panel Meeting

Meeting No: 165

Date of Meeting: 29 August 2014

Venue: National Grid House, Warwick

All presentations given at this Modifications Panel meeting can be found in the Modifications Panel area on the National Grid website¹

This note sets out the headlines and key decisions of the most recent meeting of the CUSC Modifications Panel under the CUSC constitution. Full minutes of the meeting will be produced and approved at the next meeting of the Panel and will then be published on the website.

1) Minutes of Previous Meeting

The minutes from the meeting held on 25 July 2014 were approved subject to changes and are available on the National Grid website.

2) New CUSC Modification Proposals

CMP234 'Incorporation of Biddable Indexation of OFTO revenues in TNUoS'

CMP234 aims to change the indexation of local Offshore Transmission Network Use of System tariffs to match the rate applied to each Offshore Transmission Owner's (OFTOs) revenue under their licence instead of Retail Price Index (RPI). The CUSC Panel agreed unanimously that CMP234 should progress as Self-Governance. We will aim to send the CMP234 Code Administrator Consultation to Industry on 3 September 2014.

3) Workgroup Updates

CMP227 'Change the G:D split of TNUoS charges, for example to 15:85'

CMP227 aims to change the G:D split, reducing the proportion of TNUoS charges paid by generators. The Workgroup Consultation was sent to Industry on 27 August 2014 for 20 Working days with responses to be received by 24 September 2014. The Panel agreed to a 2 month extension to the timeline for the CMP227 Workgroup, which is now due to report back to the Panel at the November CUSC Panel meeting. The CMP227 Workgroup Consultation can be found under the 'Workgroup Consultation' tab on the National Grid website via the link below;

Headline Report

5) Authority Decisions

The Panel noted that the Authority had approved **CMP213 'Project TransmiT TNUoS Developments' WACM 2** on 11 July 2014 and issued their decision document on 25 July 2014. CMP213 WACM 2 will be implemented 1st April 2016.

6) Next Meeting

The next meeting will take place on 26 September 2014 at National Grid House, Warwick.
