

# CMP286/287

## 07 July 2022

Online Meeting via Teams

# WELCOME

A wide-angle landscape photograph featuring a valley with a winding river and several bright, glowing orange-yellow lines that curve across the terrain, suggesting energy or data flow. In the background, large, rugged mountains are partially covered in snow under a dramatic, cloudy sky with a low sun.

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep upwards and to the right. In the bottom right, there are several thicker, parallel diagonal lines that sweep upwards and to the right, creating a sense of movement and modern design.

The background features several abstract, flowing yellow lines that sweep across the slide, creating a sense of movement and energy. These lines vary in thickness and curvature, some forming loops and others extending towards the edges of the frame.

# Review Legal Text

Nicola White

The background features several thick, flowing yellow lines that sweep across the frame from the bottom left towards the top right, creating a sense of movement and energy.

# Workgroup Alternative Vote

All Workgroup

# Can I vote? and What is the Alternative Vote?

To participate in any votes, Workgroup members or alternates need to have attended at least 50% of meetings

## Stage 1 – Alternative Vote

- Vote on whether Workgroup Alternative Requests should become Workgroup Alternative CUSC Modifications.
- The Alternative vote is carried out to identify the level of Workgroup support there is for any potential alternative options that have been brought forward by either any member of the Workgroup OR an Industry Participant as part of the Workgroup Consultation.
- **Should the majority of the Workgroup OR the Chair believe that the potential alternative solution may better facilitate the CUSC objectives than the Original then the potential alternative will be fully developed by the Workgroup with legal text to form a Workgroup Alternative CUSC modification (WACM) and submitted to the Panel and Authority alongside the Original solution for the Panel Recommendation vote and the Authority decision.**

# Discuss Workgroup Report Showstopper comments

All

# Next Steps

- *What else can we do to show benefits case?*
- *Agree revised Timeline*

# Annex: Terms of Reference

All Workgroup

# Terms of Reference

Workgroup Term of Reference	Location in Workgroup Report
a) Consider the decision rationale for rejecting CMP244 and how CMP286/287 will address these	
b) Understand the level of fixing in the marketplace and identify those consumers that would benefit and those that would end up paying more	
c) Consider any consequential impacts on other Codes	
d) Consider the impacts on the outcome of the SCR and what the impacts may be in the way that demand is charged and this needs to be factored in and how fits into the TCR and the wider Charging Futures Forum	
e) Consider any if there are any wider issues to consider e.g. any potential Licence changes	
f) Consideration of whether or what the transitional arrangements should be put in place.
