Workgroup report issued to Panel (5 working days)	22 September 2022	Ofgem decision	TBC – <i>ideally by 1 October 2023</i>
		Implementation Date	Effective Date: 1 April 2025 so needs to be implemented on 31 December 2023

The slide features several decorative yellow lines. In the top-left corner, there are several thin, overlapping curved lines that sweep across the page. In the bottom-right corner, there are three thick, parallel diagonal lines that extend from the bottom edge towards the top-right. The background is white.

# Review Showstopper comments on Legal Text

All Workgroup

The background features several thick, flowing yellow lines that curve and sweep across the page, creating a sense of motion and energy. These lines are primarily yellow, with some blue accents in the text and logo.

# Workgroup Alternative Vote

All Workgroup

# Can I vote? and What is the Alternative Vote?

To participate in any votes, Workgroup members or alternates need to have attended at least 50% of meetings

## Stage 1 – Alternative Vote

- Vote on whether Workgroup Alternative Requests should become Workgroup Alternative CUSC Modifications.
- The Alternative vote is carried out to identify the level of Workgroup support there is for any potential alternative options that have been brought forward by either any member of the Workgroup OR an Industry Participant as part of the Workgroup Consultation.
- **Should the majority of the Workgroup OR the Chair believe that the potential alternative solution may better facilitate the CUSC objectives than the Original then the potential alternative will be fully developed by the Workgroup with legal text to form a Workgroup Alternative CUSC modification (WACM) and submitted to the Panel and Authority alongside the Original solution for the Panel Recommendation vote and the Authority decision.**

The background features several thick, flowing yellow lines that curve and sweep across the page, creating a sense of movement and energy. These lines are primarily yellow, with some blue accents in the logo and sub-header.

# Review showstopper comments on Workgroup Report

All Workgroup

The background features several thick, flowing yellow lines that curve and sweep across the page, creating a sense of motion and energy. These lines are primarily concentrated on the left side and bottom, framing the central text.

# Terms of Reference

All Workgroup

# Terms of Reference

Workgroup Term of Reference	Location in Workgroup Report
a) Consider the decision rationale for rejecting CMP244 and how CMP286/287 will address these	
b) Understand the level of fixing in the marketplace and identify those consumers that would benefit and those that would end up paying more	
c) Consider any consequential impacts on other Codes	
d) Consider the impacts on the outcome of the SCR and what the impacts may be in the way that demand is charged and this needs to be factored in and how fits into the TCR and the wider Charging Futures Forum	
e) Consider any if there are any wider issues to consider e.g. any potential Licence changes	
f) Consideration of whether or what the transitional arrangements should be put in place.	

The background features several thick, flowing yellow lines that curve and sweep across the page, creating a sense of motion and energy. The lines are primarily yellow, with some blue accents in the text and logo.

# Workgroup Vote

All Workgroup

# Can I vote? and What is the Workgroup Vote?

To participate in any votes, Workgroup members need to have attended at least 50% of meetings

## Stage 2 – Workgroup Vote

- 2a) Assess the original and WACMs (if there are any) against the CUSC objectives compared to the baseline (the current CUSC)
- 2b) Vote on which of the options is best.

The slide features several decorative yellow lines. In the top-left corner, there are several thin, overlapping curved lines that sweep across the top. In the bottom-right corner, there are several thick, parallel diagonal lines that sweep upwards from left to right. The background is white.
