

# Grid Code Review Panel Member Biography

**Name:**

Christopher Smith

**Role:**

Offshore Transmission Owner -  
Panel Member

**Biography:**

A professional engineer with more than 20 years' experience of capital projects and innovative technology development in the Offshore Transmission, Energy (Traditional & renewable), and FMCG industries. This experience has been gained throughout the complete project lifecycle, globally with customers, suppliers and partners. Chris has led multi-disciplinary engineering teams, often geographically dispersed to deliver projects.

Specific Offshore Transmission experience includes worked on development, construction and operations for NEMO, NSL, IFA2, Viking Link and IFA. I have sat on the GCRP for 4 years.
