# Draft Final Modification Report

**CM089 & CM091: Implementation of the Electricity System  
Restoration Standard & Implementation of Emergency and  
Restoration Code Phase II**

Deborah Spencer, STC Panel Chair

# Solution

## Solution Summary:

- The Workgroup has identified and proposed updating Schedule 2, Schedule 3, Section C, Section D, Section J and Section K of the STC as a consequence to the changes proposed by Grid Code modification [GC0156](#) (Facilitating the Implementation of the Electricity System Restoration Standard) and GC0148 Implementation of Emergency and Restoration Code Phase II
- There were no Alternatives raised.

# Code Administrator Consultation Responses

## Summary of Code Administrator Consultation Responses :

- Code Administrator Consultation was run from 26/07/2023 to 17/08/2023 and received 1 non-confidential response and 0 confidential responses. Key points were:
  - The response was from the Proposer, who believes that the solution better facilitates all of the STC applicable objectives.
  - Respondent felt that this modification clarifies the requirements on Transmission Licensees in respect of implementation of the final phase of the EU Emergency and Restoration Code, enables future Offshore Transmission Licensees to participate in Restoration together with Offshore Generation and contribute to the Distributed Restart arrangements.
  - Respondent supported the modification noting that it reinforces the obligations on Transmission Licensees in respect of Restoration and complement the changes being implemented into the Grid Code through modification GC0156 and the SQSS through modification GSR032.
  - No legal text issues identified.

# CM089&CMP091 - the asks of Panel

- **VOTE** whether or not to recommend implementation
- **NOTE** next steps

# CM089&CMP091 – Next Steps

Milestone	Date
Draft Final Modification Report presented to Panel	30 August 2023
Final Modification Report issued to Panel to check votes recorded correctly (5 working days)	04 September 2023 to 11 September 2023
Submission of Final Modification Report to Ofgem	12 September 2023
Ofgem decision date	TBC
Implementation Date	10 working days following The Authority decision.  This would provide clear obligations on parties so the requirements of the ESRS can be met by 31 December 2026.
