Commentary

The market was short over the late morning, briefly mid-afternoon, and from early evening onwards. 450MW of Non-BM Fast Reserve was run over the late afternoon period. Trades supported Voltage Control overnight in the South East of England, and BM Action supported Voltage Control in the Midlands overnight. Interconnector Trades required for RoCoF overnight. BM Action assisted with System Inertia in Scotland during the early hours and from 5pm onwards. BM Action alleviated thermal export constraints in the South Coast of England briefly late morning to midday.
