## Commentary

The market was short from 6am to 2pm, over the early evening Darkness Peak, and from late evening onwards. 470MW of Non-BM Fast Reserve was run in the early morning. Some Trades and BM Action for overnight Voltage Control in the South East, Midlands and North West. Trades and BM Action for RoCoF throughout the day. From morning onwards BM Action required to alleviate thermal export constraints in Scotland, increasing by midday and late afternoon, ceasing by early evening.
