Workgroup Reports

The following Workgroup Report was presented to the Panel:

CM094 - Amendment to Bi-annual estimate provisions

This modification proposes that in order to accelerate the connection of viable customer connections, it will allow TOs not to pass on costs associated with strategic transmission reinforcements that have received regulatory approval.

The Panel agreed that the Terms of Reference have been met and agreed for CM094 to proceed to Code Administrator Consultation. The Code Administrator Consultation will be published on 15 March 2024, and will close on 20 March 2024.
