

National Grid – SO/TO Legal Separation

STC Modification Panel
27 Sept 2017

Legal Separation Update

- Code Change Strategy
 - Minimum Changes to GB Codes
 - 1 April 2019 Go Live
- Proposed GB Code Changes
 - Other Codes
 - Focus on STC & STCP Changes
- Overall Timescales (industry engagement and mod process)
- Communications
 - STO Meetings
 - Open letter – Sept 2017
 - STO/OFTO Workshops for drafting of STCPs
 - Industry Workshop – Nov 2017
- Modification Approach

Legal Separation Information

- Virtual Separation for National Grid from 1st October 2018 (in the absence of Licence and Code changes)
- Live separation 1st April 2019
- GB Code Changes being proposed
 - NGET changes to NGESO and retention of NGET where relevant;
 - Consequential changes throughout codes as a result of the above;
 - Transitional arrangements that need to be in place from 1st April 2019 with a final solution at a later date;
 - Consequential changes to associated contracts (e.g TOCAs)
 - Interface Design changes

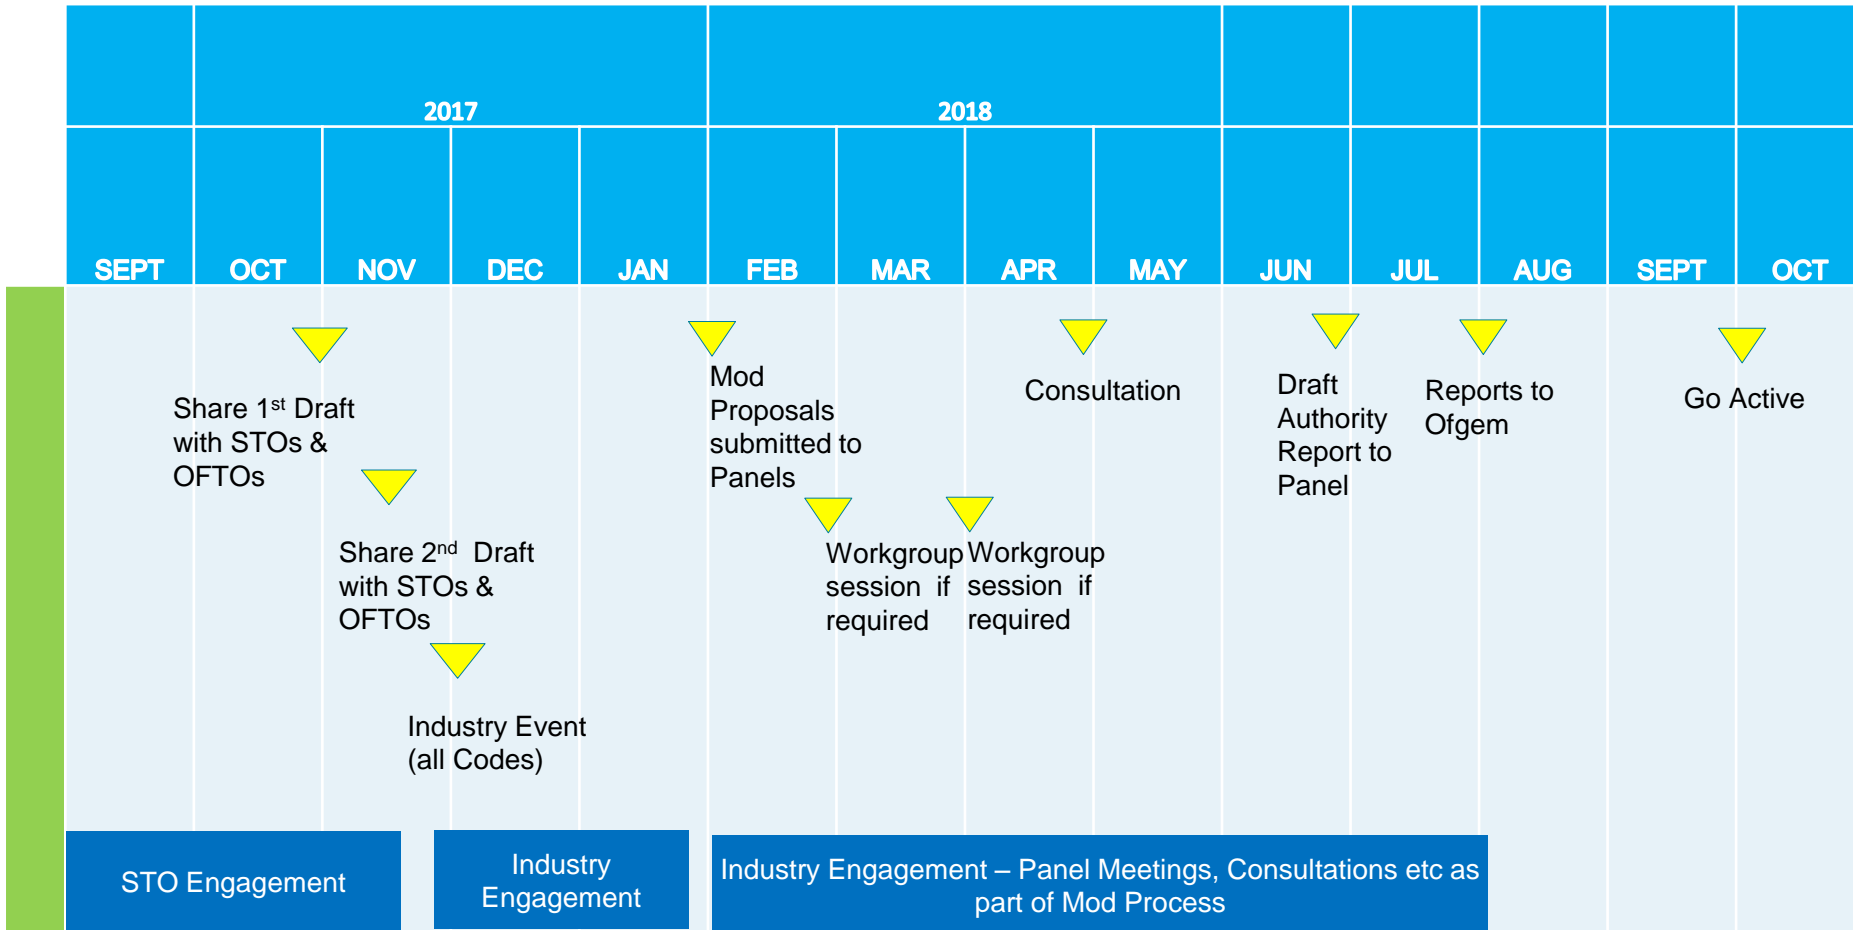

Code Modifications LSP

Code	Interface Design Changes	Notes/Other
STC	Section B – Panel Structure Section C – SCS Section D – SRS Section G - NSLPA	NSLPA change may fall away
STCPs	14	Separate Slide on this
CUSC	Section 2 (Site Agreements)	
Grid Code	OC7 – Customer Interface with National Grid OC9 - Black Start	
SQSS	Section 4 – Panel Structure	
BSC, DCode, DCUSA	NGET entity changes (and some associated contracts)	

STCPs to change

STCP
1-01 Voltage Management
1-01 Operational Switching
1-01 User (DNO) Interface
1-01 Protection Testing
8-02 Circuit Live Trip and DAR Tests
4-03 Real Time Data
6-01 Black Start
4-05 Operational Telephony
2-01 Alarm & Event Management
6-03 System Incident Management
11-01 Outage Planning
11-02 Plan Build
11-01 / 11-02 Customer Offer Outage Assessment
12-01 Data Exchange Mechanism
19-04 Site Responsibility Schedules
NEW - Grid Code Data Flows
NEW - Asset Lifecycle Working Groups
NEW - Nuclear Site Licence

High Level Code Modification Programme

Communications

- STO Meetings
 - 8/9 Aug 2017 STOs
 - 14 Sept OFTOs
 - 6 Oct STOs and OFTOs (this has been arranged)
- Open letter – Sept 2017
- STO/OFTO Workshops for drafting of STCPs (Bec Thornton organising these)
 - Mid Oct 2017
 - Mid Nov 2017
- Industry Workshop – Nov 2017?
- Modification Approach

Modification Approach

- Normal GB code governance arrangements to be used
- NGET to prepare initial drafting and share with STOs and OFTOs and later with industry before Modification process commences formally
- NGET to submit STC & STCP Modification Proposals to STC Modification Panel February 2018 with the assumption that Workgroups should not be required.
